

Community Outreach

Community Events:

We at Early Learning Works love to attend community events in the Tulsa area. These include Tulsa Housing Authority (THA) events, Back to School bashes around the city, Food on the Move events, etc. Any event that provides information, services, or support to families, parents, and children in our Tulsa community. These events give us an opportunity to put books and educational games and materials into the hands of children, parents, and other adults, that when utilized, will increase brain development and language in children across our city.

Outreach to the Hispanic Community

We support families with children up to eight years of age with early learning resources and workshops, such as Active Parenting, Talking is Teaching, and collaboration with other community organizations that promote parent engagement in their child's brain development and future school success.
